

Event Report 「India DX Business Seminar」

For this seminar, we invited experts and entrepreneurs with in-depth knowledge of India's digital transformation (DX) sector to serve as speakers. They presented on the latest trends and business opportunities in India's DX sector, as well as the challenges faced by Japanese companies in this field and strategies to address them. The event provided valuable insights for companies considering future collaboration with India on DX-related projects or expanding their business operations in this sector.
